Star Reproduces Pl
of British Paper
Featuring Hope, England

Because of its new offset printing plant, now in its sixth year, Hope Star is able to do some reproduction work that would have been either impossible or prohibitively expensive with the old letterpress plant.

For instance, on page 2 of tomorrow's edition (Saturday, July 24) we will reproduce the front page of the British local paper the Northern Echo of Darlington, which features a sign-board pointing to Hope, England.

In the Daily Bread column of last Tuesday, July 20 we published a letter from G. J. MacGregor, former manager of the late Hope Basket Co., who sent us the overseas newspaper. The big picture of antique autos lined up for a road race appears in blue and green in the British paper, but, while The Star can handle four-color printing, it would have been a time-consuming job—so we reproduced the page in black and white.

Nevertheless we salute the small-town British press for having the capacity for printing multi-color. Relatively few American papers have such capacity, and The Star's process color production goes back only three years.

New Railway Strikes Are Threatened

By THE ASSOCIATED PRESS

Federal mediators today pressed efforts to forge a national settlement between the railroads and the United Transportation Union as UTU members prepared to extend their strike to two more lines on Saturday.

The new strikes were threatened against the Southern Pacific and Norfolk & Western railroads. The union's walkout against the Union Pacific and Southern lines entered its eighth day with a growing threat to some industries.

The mediators set more Washington sessions in the dispute over work rules.

No progress was reported in the talks Thursday after the Chicago & North Western Railway negotiated a separate 42-month contract with the UTU that provided for work rules changes and a 42 per cent pay hike.

C&NW officials said the rule changes will "offset the added expenditures."

It had been hoped the C&NW contract, first breakthrough in the long stalemated rail dispute, would serve as a pattern-setter for a national settlement.

The UTU also has threatened to strike six other carriers next Friday.

With the UTU walkout against the Union Pacific and Southern railroads continuing, thousands of bushels of wheat piled higher in front of Midwest grain elevators for lack of trains.

Meanwhile, resistance continued to dwindle against the Communications Workers of America's proposed contract settlement with the Bell Telephone System.

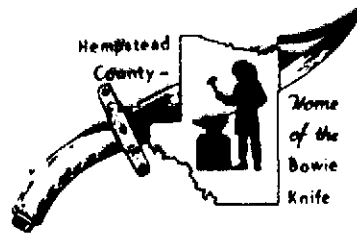

Most telephone craftsmen stayed off the job in New York, defying the union's back-to-work order for the third day. The dissidents are protesting terms of the settlement, due for ratification vote.

Scattered picketing was reported elsewhere, with smaller numbers of workers still out in Arizona, Florida and Michigan.

All midnight shift employees in the CWA local in Chicago were back on the job today after settlement of a dispute with the company over the disciplining of other strikers.

Unauthorized strikes dwindled in Ohio but large numbers of craftsmen stayed off the job in Akron and Alliance. Other workers returned Thursday to Bell installations in New England, the Rocky Mountain states, Indiana and Georgia.

New Orleans Motel Fire Fatal to 5

NEW ORLEANS (AP) — Five persons including a security guard who had gone to the aid of guests were killed today, officials said, when fire broke out in the 17-story Downtown Howard Johnson's Motel.

The building was evacuated as smoke and flames gushed from the 12th floor. Six persons were treated for smoke inhalation. There were no other serious injuries reported.

Charles Simon, a second security guard at the hotel, said he and the guard who was killed went upstairs from the first floor and began the evacuation.

"He brought the people to the elevator," Simon said. "I took them down. I was only able to make two trips, because the smoke got too bad. When I went back up after the second trip I couldn't find him."

The Rev. Peter Rogers, fire department chaplain, said he gave last rites to five people. "It's so sad," he said. "So damned sad."

The fire was apparently confined to the 12th floor and was declared under control within an hour.

Eighty-eight firemen reported to help fight the blaze. One survivor was Paul Hyde, 23, Lafayette, Ind., who swung from the 12th floor balcony trapze-like to the floor below.

"There was really no choice," he said after coming down the interior fire escape from the 11th floor. "It looks more perilous from down here," he said, looking up.

Anthony Stenke, the assistant night manager of the hotel, said the fire is believed to have started in room 1218. He said he was on the 15th floor helping a sick person at the time the alarm sounded.

The alarm was turned in by Alvin Johnson, 27, of New Orleans who was sitting in a nearby bar waiting to report to work at a service station. He said he saw the flames and smoke and called the fire department.

Johnson suffered an apparent broken leg when he was trying to help first-arriving firemen and attempted to jump aboard a fire truck, striking his leg against something as he leaped.

The motel, a modern block-type structure, was built in April 1968.

Election Petitions Are Circulated

FORT SMITH, Ark. (AP) — Petitions are being circulated here calling for an election to decide if the city should revert to the city commission form of government.

Port Smith has operated under the city administrator form of government for almost four years.

Fort Smith voters approved a 1966 proposal to change from the city commissioner government to city administrator.

Hawkshaw, One of Many Things Detectives Get Tired of Hearing

By HAL BOYLE

NEW YORK (AP) — Remarks that a private detective gets tired of hearing:

"Sam Hawkshaw, if you're a private eye, you must be the world's sleepiest one."

The only case he ever broke was the time he dropped a case of beer. He broke a bone in his foot, too."

"He never caught anything in his life besides the measles."

"My son, the high school dropout, wants to be a private detective like you, Mr. Hawkshaw. If I pay you \$5 a week, will you let him follow you around and learn all your tricks?"

"I thought all you private detectives were surrounded by beautiful dames. That hen you've got for a secretary is so homely she'd scare away a near-sighted rooster in a barn-

\$850 Million to Fight Crime Blocked From Local-level Projects

By CARL C. CRAFT

WASHINGTON (AP) — Although Congress has pumped \$860 million into the federal crime-fighting pipeline, auditors say administrative problems have blocked much of the flow to local-level projects.

They told Congress Thursday that as of March 31, 39 states still had not distributed 13 per cent of their fiscal 1969 funds to state and local programs; 40 states had 63 per cent of fiscal 1970 money as yet undelivered to project handlers, and 24 states had not handed out 95.3 per cent of the fiscal 1971 money.

Furthermore, reported Deputy Director Gregory J. Ahart of the General Accounting Office's Civil Division, federal investigations in New York, California and Illinois disclosed cases in which money from the Justice Department program was being used in social-condition-improvement projects.

For example, Ahart cited a New York case in which a pair of \$108,000 grants went to a youth employment service project, a California case in which \$75,602 went to a county board of education to aid kindergarten pupils with potential chronic learning problems, and a New York case of \$100,000 going to a city methadone project to test its use in treating heroin addicts.

At a House Government Operations subcommittee hearing on the Law Enforcement Assistance Administration's controls on anticrime grants, Rep. Dante B. Fascell, D-Fla., told Ahart this disclosure was "fantastic—if we go down this road ... we're getting away from the whole purpose of upgrading law enforcement."

Ahart said that while the law's broad coverage permits paying for such projects, substantial funding of this "is somewhat at odds with the emphasis of the program as publicly expressed" by LEAA last December when it said solving social and economic problems contributing to crime is the responsibility of other agencies.

As for slowness in using LEAA funds, Ahart said, internal difficulties in the federal agency in the first years under the 1968 program which may have contributed to the delay.

Ahart said state and local agencies had been unwilling to undertake some projects planned by state planners. He added there were various problems in arranging for matching funds.

Fouke Monster Reward to Expire

LITTLE ROCK (AP) — Little Rock radio station KAAY announced Thursday that its offer of a \$1,090 reward for the capture of the "Fouke Monster" will expire at midnight July 31.

The station had offered the reward after several residents in Miller County reported seeing a "large, hairy creature."

The MPs found about 40 unexploded satchel charges in their compound after the attack.

"They were all over the place," said one MP.

The base is 25 miles south of the border and about 45 miles south of the main body of the new operation.

Mild, Showers Through Saturday

By THE ASSOCIATED PRESS

Considerable cloudiness, mild temperatures and a chance of showers or thundershowers were forecast for Arkansas through Saturday, with afternoon highs in the 80s to low 90s and lows in the 60s to low 70s.

The extended forecast for Sunday also calls for scattered thundershowers Sunday and Monday.

Scattered shower and thundershower activity broke out this morning over most of the state.

Rain in western and southwestern Arkansas Thursday measured less than one-half inch in most locations. However, Amity reported .82 of an inch and Hope received the most with 2.05 inches.

In areas where it was sunny most of the day Thursday, temperatures climbed into the 90s.

Three Sudan Coup Leaders Executed

By JOHN BECKLER

WASHINGTON (AP) — President Nixon's \$1.5-billion school desegregation bill has been delayed again by efforts in a House Education subcommittee to expand it into a general aid program.

Democrats supporting a \$8.8-billion combination general aid and desegregation measure prevented any votes in the subcommittee Thursday in a fight for time to build support for their proposal.

Chairman Roman C. Pucinski, D-Ill., scheduled another meeting for Monday and said every effort will be made to settle the issue at the time. However, it appears unlikely

Sappers Hit Headquarters of Big Drive

By GEORGE ESPER

SAIGON (AP) — Moving under cover of a heavy barrage, Viet Cong sappers early today attacked the headquarters in Vietnam for the major new South Vietnamese drive in Cambodia. The American military compound in the base was also hit.

Reports from the base at Tay Ninh, 55 miles northwest of Saigon, said four South Vietnamese perimeter guards were killed and two South Vietnamese soldiers and four American military policemen were wounded.

A 65-round mortar barrage hit the base, and then about 15 of the enemy broke through the barbed wire.

Military police at the base said the sappers' rocket grenades and satchel charges wrapped in banana leaves damaged about four barracks in the U.S. military police compound and two U.S. UH1 helicopters at an adjoining landing pad.

The MPs said two of the attackers were killed. The target was believed to be the tactical operations center of the South Vietnamese 18th Infantry Division, on the other side of the base, but the sappers never made it.

The MPs found about 40 unexploded satchel charges in their compound after the attack.

"They were all over the place," said one MP.

The base is 25 miles south of the border and about 45 miles south of the main body of the new operation.

Three Sudan Coup Leaders Executed

CAIRO (AP) — The leader of the short-lived pro-Communist coup in Sudan, Maj. Hashem Atta, and three of his top aides were executed by firing squad today, the Sudanese radio reported.

President Jaafar el Nurnairi, who was restored to power by army units Thursday after his overthrow Monday, approved the sentences handed down by a court-martial, the radio in Khartoum, the capital, said.

The three who died with Atta were: Col. Abdul Moneim Mohammed Ahmed, commander of the 3rd Armored Division; Lt. Col. Osman Houssein, commander of the presidential guard, and Capt. Muawiya Abdul Hay, a member of the rebel seven-man junta.

Nurnairi had moved swiftly to consolidate his renewed control, setting up four military tribunals to try leaders of the pro-Communist coup that pushed him out of power for three days.

In a broadcast, he ordered his followers to hunt down all members of the Communist party.

The Sudanese government's Omdurman Radio said Maj. Hashem el Atta, who led the revolt Monday, was being court-martialed along with "other outlaws who took part in his dirty conspiracy."

All seven members of the rebel junta were reported under arrest, five in Khartoum and two in Libya.

Observers in Cairo believed one result of the coup reversal and the new crackdown on the Communists would be an early decision by Nurnairi to bring his country into the Arab Federation that Egypt, Syria and Libya are forming. He had stayed out because of Communist opposition.

Nurnairi telephoned President Anwar Sadat of Egypt and Libyan strongman Muammar Kadafi Thursday night to assure them he was once more firmly in control.

Vaccination Begins Today

LITTLE ROCK (AP) — Officials were to begin today vaccinating the state's horses against Venezuelan equine encephalomyelitis.

Dr. Paul Becton, an official in the Animal Disease Eradication Division of the Department of Agriculture in Little Rock, said a shipment of identification tags needed to verify a horse has been inoculated against VEE arrived at Little Rock Thursday night.

Becton said a shipment of tags was to have arrived earlier Thursday, but the shipment was misplaced. He said 40,000 tags, which he said was a temporary supply, was ordered from a company in New York.

Becton said this would be enough to get the vaccination started throughout the state today.

VEE is frequently fatal to horses, mules, donkeys and zebras. Humans incur only flu-like symptoms.

Vaccine to be given to the state's estimated 88,000 horses arrived in the state Tuesday night. The serum will be transported by automobile in refrigerated containers to 13 regional centers in the state where veterinarians will draw what dosages they need to inoculate horses in their counties.

Increase in Revenues

LITTLE ROCK (AP) — Allied Telephone Co. announced Thursday substantial increases in revenues, net income and earnings per share for the first six months of this year.

Compared with the first six months of last year, telephone revenues increased 35 per cent, net income 88 per cent and earnings per share 25 per cent.

Apollo 15 May Give a View of Eclipse of Sun as Seen From the Moon

By HOWARD BENEDICT

AP Aerospace Writer

CAPE KENNEDY, Fla. (AP)—The launch team overcame a battery problem during the night and the countdown for Apollo 15, man's most ambitious moon mission, progressed smoothly today toward Monday's launch.

Richard Proffitt, spacecraft test coordinator, reported one of two batteries used to trigger explosive devices in the lunar module failed during activation.

He said magnesium chips were found in the battery, and it and a companion unit were replaced. He said a check at the manufacturing plant, Electro-Storage Batteries, Raleigh, N.C., showed that the two batteries were good.

Warns Draft May Call Up Deferred Men

By FRED S. HOFFMAN

AP Military Writer

WASHINGTON (AP)—Secretary of Defense Melvin R. Laird warned today that the government may have to draft young men whose deferments have expired if Congress fails to extend the authority to draft others.

"I do not believe we can delay much longer than September," Laird told a news conference. "I think we can ride it out until September."

Laird made it clear he would be reluctant to induct young men from the draft manpower pool, but indicated that a longer wait would adversely affect the readiness of Army divisions and the U.S. position around the world.

Draft Director Curtis W. Tarr has declined to use his authority to call men who have lost deferments to fill the Pentagon's 16,000-man call for July and August.

A Senate-House conference committee is now locked in a dispute over a Senate amendment to draft extension which calls for the total U.S. withdrawal from Vietnam nine months after enactment of the bill.

Although key draft authority in the law died June 30, the government has residual authority to induct young men from among thousands who were deferred from military service for college education or other reasons while the law was in effect, and whose deferments have expired.

Laird said "I would recommend that we delay as we possibly can" in dipping into this manpower pool.

The Selective Service System has announced it will hold a new lottery on Aug. 5 looking toward next year's draft.

All Around Town

By The Star Staff

At Fayetteville patients complained so much about hospitals charging \$1 a day each for a telephone and TV set that the board dropped the charge ... of course, this is optional and a patient can have them or not ... what really seems like highway robbery is to be charged \$1 for every insurance form filled out when all the money goes to pay for the illness.

Arkansas Game & Fish Commission has given \$5,000 to Howard County to provide a public access road and launching ramp at Millwood ... the money will be used as Howard County's part in a shared project with the Corps of Engineers for a public site at Cottonshed Landing on a high bluff on Saline River near the top of the lake.

All 8th and 9th grade girls who are interested in being in the Bobkitten Pep Squad will meet with the cheerleaders August 2 at 3:30 p.m. in Hammons stadium to sign up.

Adult swimming lessons will be offered beginning at 7 p.m. Monday, July 26 at Fair park municipal pool ... all interested persons are invited to register at that time.

Lloyd Hale is making Bowie knives at the blacksmith shop in Washington this weekend. He will have the knives and the famous Arkansas oilstones for sale.

Dennis Ramsey, Hope, was commissioned an Army Second Lieutenant in Military Intelligence at Ft. Riley, Kan., July 12. The commissioning ceremonies marked the conclusion of the six weeks Army Reserve Officers' Training Corps Advanced Summer Camp at Ft. Riley. Ramsey received a B.A. degree in political science from Ouachita Baptist University. His wife, Linda, lives in Lewisville.

Sharp Jump in the Cost of Living

By NEIL GILBRIDE

AP Labor Writer

WASHINGTON (AP) — Living costs climbed six-tenths of one per cent in June for the sharpest rise in 15 months, the government said today in a report that spelled bad news for President Nixon's efforts to curb inflation.

Grocery prices showed the sharpest rise, nine-tenths of one per cent, for the month, said the report by the Bureau of Labor Statistics.

Transportation costs were up seven-tenths of one per cent, housing six-tenths, medical care four-tenths and recreation three-tenths, it said.

The over-all increase pushed the Consumer Price Index up to 121.5 of its 1967 base of 100. This meant it took \$12.15 last month for every \$10.00 worth of typical family purchases four years ago.

The six-tenths of one per cent rise was the biggest since April 1970. On a seasonally adjusted basis, the bureau figured the rise at five-tenths of one per cent, the second sharpest increase on that basis on seven months.

The report said the rise in living costs in the second quarter of the year was 5.3 on an annual rate, a quickening of the pace of inflation from the first quarter of the year.

There were price increases for poultry, fruits, vegetables, beef and dairy products that were larger than usual for June, the bureau said.

Egg prices fell sharply and pork prices showed a smaller than usual increase for the month.

The bureau also reported that average earnings for some 45 million rank-and-file workers rose \$1.74 to \$127.57 per week in June and that after deduction for federal taxes and the rise in living costs purchasing power was still seven-tenths of one per cent higher.

The report said it was the sixth straight month that workers' purchasing power rose and was 1.8 per cent above a year earlier, but still one per cent below the record high of September 1968.

About 41,500 workers with cost-of-living clauses based on the government index will get pay increases based on the June report ranging from one to nine cents per hour figured over varying period.

Another 4,500 workers with cost-of-living labor clauses will get no further increases because they have already received the maximum set in their contracts.

Hot Springs Bank Is Held Up

HOT SPRINGS, Ark. (AP)—Police continued to search today for a man who threatened to explode a bomb and robbed an auto-teller at First Federal Savings and Loan here Thursday of about \$1,900.

Police said a rust-colored Mustang driven by the robber was found abandoned a short distance away.

Paulette Wagner, 22, teller at the drive-in window, said the man put a paper sack with a cigar box in it into the tray as it rolled out to his car.

She said she saw something in the box that looked like a bomb and she asked the man what the object was.

"You know what it is," she quoted the man as saying.

She said the man told her to put all her money in the bag and not set off an alarm. She said he told her he had something in the car that would set off the bomb.

The robbery Thursday was the second major robbery in Hot Springs in about a week.

On July 14, a long gunman held up the Southern Office of Arkansas First National Bank and escaped with an estimated \$10,000.

Abortions in California Ruled Legal

SAN FRANCISCO (AP) — A state appeals court has ruled that all abortions performed in California are legal if performed by a licensed physician in a licensed hospital.

The 2-1 decision Thursday by the statement of Appeal holds unconstitutional a requirement of the state's liberalized therapeutic abortion law of 1967 which required abortions be approved by a committee of hospital physicians.

That law also required abortions to be performed only in hospitals accredited by professional organizations. The court ruled the hospital need only be licensed by the state Department of Public Health.

The 1967 act liberalized a 98-year-old statute that allowed abortions only to save a mother's life.

Justices Richard M. Sims and Norman Elkington concurred in the majority decision on an appeal of a criminal abortion case in Alameda County.

It upheld the 1967 act provision which restricts abortions to the first 20 weeks of pregnancy.

"We are impelled to consider that a woman has a constitutional right to terminate her pregnancy, subject only to reasonably imposed state restrictions designed to safeguard the health of the woman and to protect the advanced fetus," the majority decision said.

More than 62,000 legal abortions were performed in California last year, the state Department of Health reported.

This compared with 5,030 in 1968, the first full year of the 1967 law, and 15,339 in 1969.

Gold Coin Trading Is Stopped

LOS ANGELES (AP) — A commodities exchange bowed to a Treasury Department ban and ordered its brief venture in speculative gold coin trading closed today.

"There is no appeal. We're not crusaders—we're business people," said David Callahan, president of the West Coast Commodity Exchange.

The exchange opened its gold futures market in pre-1934 gold coins Tuesday, saying a loophole in the Gold Reserve Act of 1934 allowed trading in the old coins.

On opening day the exchange reported a volume of \$3.2 million in gold futures and it said it had a volume of \$1.5 million on Thursday.

Democrats to Attack Job Issue

By JAMES PHILLIPS
Associated Press Writer

WASHINGTON (AP) — Hitting what it considers the exposed flank of the Nixon administration, the Democratic party opens in Detroit next week a task-force attack on Republican efforts in unemployment, public works and law enforcement.

The occasion is described in advance news releases as hearings by the Democratic Policy Council, a branch of the Democratic National Committee.

But instead of conducting its business in the confines of a hearing room, party leaders will gather in a church parking lot, a sewage treatment plant, and the Frank Murphy Hall of Justice.

Asked if the hearings could be called an attempt to embarrass the administration, Democratic spokesman John G. Stewart said: "We're certainly going to try and do that."

The Detroit stop Monday is second in a series of pre-1972 presidential campaign forays by the council. St. Louis was visited about three weeks ago.

The topics in Detroit were chosen because "we try and pick out an issue that has local application," Stewart said.

Unemployment in Detroit, he said, is 16 1/2 per cent.

The unemployment phase of the day-long hearings will take place in a church parking lot near the Ford Motor Co.'s huge River Rouge plant. Stewart said most of the residents are "white, ethnic, blue-collar" workers who haven't been hit with unemployment before.

The council then will tour the metropolitan Detroit sewage treatment plant.

Stewart said the Nixon administration tried to cut off federal funds for enlargement of the plant, and the city had to come up with \$40 million to save the plant and prevent further pollution of the Detroit River.

Search on for Tainted Broilers

WASHINGTON (AP)—The Agriculture Department announced today a massive search is under way for broiler chickens possibly tainted by an industrial chemical called PCB.

The chemical, named polychlorinated biphenyls, was leaked into fish meal being prepared by a Wilmington, N.C., feed processor.

Dr. Fred J. Fullerton of the Consumer and Marketing Service in USDA told newsmen there has been no evidence so far of harmful PCB levels in chickens sold to consumers.

Officials said that since April 30 the meal was sold to at least 64 other plants, including companies that both raise and process poultry for the consumer market.

No one could say immediately how long the PCB contamination might have occurred before it was discovered a few days ago.

The action was the second in as many days by the Department. It said Thursday Armour & Co., has recalled its "Genoa Salami" possibly tainted with bacterial toxin blamed for the illnesses of at least nine persons.

The illnesses occurred in May and June but the cause was not pinpointed until late last week.

(From Page One)

teries were part of a lot that were assembled near a magnesium-shearing operation. The replacement battery came from a different lot.

The explosive devices are used to separate the two sections of the lunar ship on liftoff from the moon, for landing gear deployment and for fuel tank pressurization.

The problem did not delay the countdown, and officials reported all other preparations were on schedule.

Van Heflin Succumbs to Heart Attack

HOLLYWOOD (AP)—Actor Van Heflin, whose craftsmanship brought him an Oscar and a reputation as "an actor's actor," died today, 6 1/2 weeks after suffering a heart attack while swimming.

The 60-year-old actor died at Cedars of Lebanon Hospital where he had been unconscious since suffering the heart attack June 6 in the swimming pool at his apartment.

Death came at 6:43 a.m. and was attributed to heart damage from the June attack. He had been in critical condition the entire time.

Vaccination Continues in Okla.

OKLAHOMA CITY (AP) — Oklahoma veterinarians moved quickly Thursday from ranch to ranch over the state, continuing their vaccination of Oklahoma horses in an effort to protect them from a deadly strain of sleeping sickness.

The vaccination program began in Oklahoma two days ago after an embargo on shipment of horses into this state from Texas where 1,149 horses have died of Venezuelan Equine Encephalomyelitis (VEE).

Serum for vaccination of Oklahoma horses arrived in the state Tuesday from Maryland. Dr. Sewell Skelton of Stillwater, in charge of reporting vaccination statistics to federal officials, said 40,832 Oklahoma animals had been vaccinated by noon Thursday. He said reports were incomplete from three inoculation centers in the Oklahoma Panhandle, where a spot check showed at least 5,000 doses administered by mid-day.

Johnnie King, federal livestock inspector at Guymon, in the Oklahoma Panhandle, said quarantined horses in that area received their second shots early Thursday as vets moved to get a large number of Texas out of danger.

The horses crossed the border into Oklahoma from Texas just prior to issuance of the Oklahoma embargo, which limits

the movement of horses between this state and those surrounding it.

Skelton said officials hope the Texas horses in quarantine in Oklahoma can be released soon after a 14-day waiting period following inoculation.

Catholic Homes Are Raided

BELFAST, Northern Ireland (AP) — Troops and police raided homes in Roman Catholic sections of Belfast and seven other towns in Northern Ireland today, seeking members of the outlawed Irish Republican Army.

Authorities said "a number of people" were rounded up for questioning. The raids began before dawn and continued into the morning.

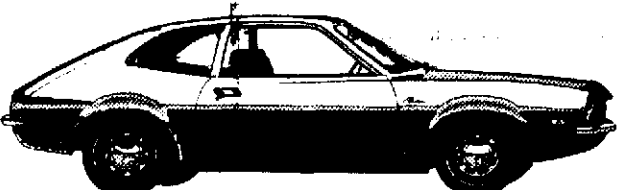

The army said it was seeking terrorists primarily, rather than arms and explosives, because of the recent intensification in the IRA's campaign of violence.

An army spokesman said that before the raids British patrols in Belfast came under "moderately heavy" fire three times and fired back twice. He said two men had been found with bullet wounds and one of them had been tarred and feathered, a customary IRA punishment for defectors.

Shortly after midnight a bomb wrecked the office of a fuel company in downtown Belfast.

SOCIETY

Phone 777-3431 Between 8 a.m. and 4 p.m.

Calendar of Events

Sunday, July 25

A revival will be held at Laneburg Baptist Church July 25-30. Services will be held nightly at 7:30. Rev. Herman Minter, pastor, will be preaching.

Union Grove Baptist Church will have homecoming Sunday, July 25. Services will begin at 10 a.m.

Lunch will be at 12 and singing will be held in the afternoon.

Monday, July 26

The Hempstead County Memorial Hospital Auxiliary will meet Monday, July 26 at 7:30 p.m. at Memorial Hospital with an executive meeting at 7 p.m.

Tuesday, July 27

The Jett B. Graves Class, First United Methodist Church, will have a fish fry at the church Tuesday, July 27 at 7 p.m. The meal will be potluck except for the fish, bread and beverage which will be furnished by the hostesses, Mesdames Arch Wylie, Hollis Luck, Herbert Lewallen, Lamar Williams, Hugh Gilbert, and Thomas Boyce.

Wednesday, July 28

The Hope Junior Auxiliary will meet Wednesday, July 28 at 10:30 a.m. at the cabin of Mrs. Thomas E. Hays, Jr. for a potluck picnic after a business meeting. The executive board will meet at 10 a.m.

Duplicate Bridge Club Meets

There was a tie for first place at the Hope Duplicate Bridge Club meeting Monday night, July 19 at the Diamond. Mrs. Thomas Hays and Mrs. Lloyd Spencer won with Mrs. Comer Boyett and Mike Kelly.

Mrs. J.C. Broyles and Mrs. E.P. Young, Jr. were second. Four tables of players participated.

Legion Auxiliary Meets

The home of Mrs. Joe Jones was the meeting place for Leslie Huddleston Unit 12, American Legion Auxiliary, on Tuesday evening, July 20. As the president, Mrs. Jones conducted the business meeting. Mrs. E.S. Franklin voiced the opening prayer, and Mrs. Russell Rowe led the pledge of allegiance to the flag and the preamble to the Constitution.

In the order of business it was voted to use the \$12.50 award money received at the state convention to purchase president's and past-president's pins for the junior and the senior groups of the local organization. It was also decided to continue giving a \$150 scholarship to a needy veteran's son or daughter who graduates from Hope High School.

The committee chairmen for 1971-72 were announced: Americanism, Nell Marcum; Auxiliary Emergency Fund, Floice Taylor; Children and

Youth, Rose Hawthorne; Civil Defense, Jewell Cobb; Communications, Prudence Jones; Community Service, Opal Duffie; Constitution and By-Laws, Zola Franklin; Education and Scholarship, Lucy Mae Williams; Finance, Floice Taylor; Foreign Relations, Dortha McMillip; Girls State, Mary Nell Turner; Junior Activities, Doris Jean Flowers; Legislation, Carlene Feild; Membership, Nan Taylor; Music, Ramona Storch; National Security, Nell Hankins; Past-Presidents Parley, Alice Formby; Poppy Barbara Flowers; Veterans Affairs and Rehabilitation, Arlene Frith; Field Service Officer, Cookie Stephens of Little Rock.

Plans were made to participate with the Legionnaires in a potluck dinner and installation of officers at the Douglas Building July 22. Mrs. Charles Taylor reported on membership and dues and told about the state convention held in Hot Springs in June. On the state level, Mrs. Joe Jones has been appointed Department Vice-Chairman of the Education and Scholarship Program for 1971-72.

Cookies, coffee and cold drinks were served to 7 members.

Luck Reunion

From four states they came: Arkansas, Louisiana, Oklahoma, and Texas, ages from tots to sixties!!!

The J.D. Luck families enjoyed their annual reunion again this year at the Beavers Bend State Park in Oklahoma. The three day period was a busy scene of a joyous occasion spent in the camp which has many facilities for conveniences and fun.

The entire group assembled in the dining room for a very enjoyable fish dinner Friday July 2nd. Charles Luck asked the blessing. Later during the business session president Odell Luck presided.

Oryn Luck was elected vice-president. Gay Luck was elected assistant secretary, all other officers remain the same.

The inspiring devotion was given by Lynn Luck, prayer by Calvin Luck, and Oryn Luck gave the closing prayer. For the program Birdie Rae Luck read a poem Treasurer and Jerry Luck showed films of last years reunion. He also showed films of very interesting places and pretty scenes from Hawaii, Mexico and others points of interest, that he made while traveling. At the close of the program the group was musically entertained by the Calvin Luck Trio, Gay, Teri and Jo with their talented young singing voices. Teri played the guitar.

Part of the reunion time was spent in swimming, boating, fishing, skiing, and such games as horse-shoes, domino, etc. All present plan to be back at the ideal place, Beavers Bend State

FHA Member Attends Meeting

Debbie Gunter, a member of the Hope Chapter and President of Federation XVI, Arkansas Association of the Future Homemakers of America, will attend the annual meeting of the

DEBBIE GUNTER

State Executive Council, composed of eight state officers, twenty federation presidents, and Arkansas National Committee Members, will plan the 1971-72 state Program of Work, make suggestions for the federation meetings to be held in the fall, and plan the state Leadership Workshops for 1972. The State Advisory Board, which includes advisers of local FHA Chapters and members of the home economics supervisory staff, State Department of Education, serves in an advisory capacity to the Council. Darlene Zeh of the Rogers High School Chapter is president of the Arkansas Association which is composed of 21,993 members. The national organization is comprised of over one half million members who are home economics students in local high schools.

Debbie is the daughter of Mr. and Mrs. W. H. Gunter, Jr. and a senior at Hope High School.

Coming, Going

Mr. and Mrs. Richard Arnold and Nan have returned from Birmingham, Ala., where they visited Dr. Ann Arnold. En route there, they visited Mr. and Mrs. Dick Arnold and Jon Richard in Lake Village.

Mrs. Haskell Jones and Mrs. Lance Jones went to the Texarkana Debutante Cotillion Club at the Texarkana Country Club on Wednesday for the presentation of six 1971 debutantes at a coffee.

Mrs. Kim Burnham and daughter, Kana, Mrs. Sam Sample and daughter, Sandi, Mrs. Leward Sparks and daughter, Lisa, all of the Hobbs, N.M. area, left Thursday after a visit with Mrs. George Dodds and other relatives.

Park, Okla. and hope to see other family members and friends.

Letters

To The Editor

This your newspaper. Write to it. Address letters to: Editor The Star, P.O. Box 648, Hope, Ark. 71801. All letters must be signed, with address so you are identified to the newspaper staff, but if the character of the letter permits we will allow use of a pen-name in the publication, in case you should add "Citizen," or some other word below your real name and address.

Pen-names are permitted when a letter deals only with issues. Direct attacks upon public officials, however, must bear the writer's name for publication.

A Sincere Thank You

Editor the Star: On Sunday, July 18, I was returning to Texarkana alone, when I had car trouble between Emmet and Hope. A young man, Steve Routon, stopped to assist me. Shortly, two other young men, Roland Hicks and Lake Key, employees of Hicks Funeral Home, also stopped to offer their assistance.

These three fine Hope citizens found the trouble with my car, Steve drove into Hope to obtain a part for the car while Messers. Hicks and Key remained to install the part.

Through the efforts of these young men, my car was repaired and I was able to continue my journey shortly.

I would like to publicly express my appreciation to these fine young men and to let the people of Hope know that there are those in their midst who have compassion for their fellowman to the point they will inconvenience themselves to help.

All of their efforts were without monetary payment, as when I attempted to pay them for their efforts, one of them replied, "We have Mothers and sisters who travel alone and the only payment we want is the hope that someone would help them if they had trouble on the road".

I sincerely hope that their life will be blessed for their charity toward me.

MRS. SARAH B. BUETTNER

Texarkana, Texas 75501

Coming, Going

Mrs. Florence Ambrose, Ada, Okla., and her sister, Mrs. Vera Allen, Shreveport, have been visiting Mrs. K.E. Ambrose.

Mrs. Evva Reynerson is vacationing in Eureka Springs with son, Bob, and his family.

Mr. and Mrs. Homer Jones, Brian and Timothy, North Little Rock will be visiting Mr. and Mrs. Charles Walker and other friends this weekend.

Mrs. H.C. Whitworth went to El Dorado Wednesday to see grandson Wesley Ambrose leave with other scouts for Philmont Scout Ranch, and Explorer Base in North East, New Mexico.

"Fiddler" Is Longest Running Play

By MARY CAMPBELL

Associated Press Writer
NEW YORK (AP) — A cheering audience gave "Fiddler on the Roof" a five-minute standing ovation as the cast completed the 2,845th performance, making it the longest-running musical in Broadway history.

Outside two huge spotlights played on the Broadway Theater. Inside, balloons floated

down from the ceiling as Mayor John V. Lindsay, the creators of the musical and the first star of the show went on stage Wednesday night for a post-performance celebration with the present cast.

"It's a wonderful thing about Sholom Aleichem," Zero Mostel, the original star of the show, said of the man who wrote the stories that inspired "Fiddler."

"He's become more acceptable than Shakespeare. He runs longer," Mostel said. "Sholom Aleichem means 'peace be with you,' and that's what it's all about today."

The musical tale of Tevye, a

Yiddish dairyman in Russia at the turn of the century, broke the 2,844-performance mark set when "Hello, Dolly!" closed last Dec. 27. "Fiddler" is still going strong—mail orders are being accepted through next Jan. 2.

A total of 147 investors spent \$375,000 to bring the show to Broadway on Sept. 22, 1964. They and producer Harold Prince have reaped \$6,952,500 in profits—a return of 927 percent on the investment.

Prince had invited the cast, the audience, and the actors, authors, producers and directors of all shows now running on Broadway to the perform-

ance party. The audience of 1,900 persons included to grandchildren of Sholom Aleichem.

Mayor Lindsay hugged the current Tevye, Paul Lipson, and said, "When my term expires in 1974, I'm going to play Tevye."

In addition to its Broadway conquest, "Fiddler" has been performed throughout the United States and in 31 countries in 18 languages.

The all-time Broadway champion is "Life with Father," a nonmusical, which ran a total of 3,224 performances.

The Atlantic ocean covers 31.7 million square miles.

Giants Have 8-7 Victory Over Pirates

By KEN RAPPOPORT

Associated Press Sports Writer
Juan Marichal, San Francisco's star right-hander, isn't fooling National League batters anymore. Who says so? His manager, Charlie Fox.

"I think we're going to have to switch his strategy because they're hitting a lot of his pitching," said Fox.

Marichal must be doing something wrong. He lost a lead in the ninth inning for the second straight game Thursday, but the Giants rallied for a run in the 10th to beat the Pittsburgh Pirates 8-7.

Last week, he had Cincinnati 2-0 before the Reds came up with three runs in the last inning.

The recent performances, one must admit, are not indicative of several years of All-Star status, six 20-game winning seasons and a glistening 203-98 won-lost record prior to this year. Throw in 46 career shutouts for good measure in his 11 seasons before 1971 and you get the picture.

Actually, the high-kicking ace started out well early this season when he had three shutouts. But he hasn't won a game in a month and his record now is 10-6 and his earned run average, 2.90. That's a little more inflated than his 2.68 lifetime mark.

San Francisco's victory, second straight over the National League's East Division leaders, kept the Giants in good shape in the West. Their lead remained at a solid eight games over Los Angeles, after the Dodgers beat the Cincinnati Reds 8-4 Thursday night.

In the National League's other games, the New York Mets stopped the Chicago Cubs 5-1. The St. Louis Cardinals bumped the Philadelphia Phillies 8-0; the Atlanta Braves nipped the San Diego Padres 1-0 and the Houston Astros hammered the Montreal Expos 8-2.

American League scores: New York 13, Minnesota 4; Chicago 4, Boston 2; Baltimore 4, Kansas City 0, and Milwaukee 2, Washington 0.

Marichal had a comfortable 7-3 lead going into the ninth when the roof fell in and the Pirates tied it with four runs. The Giants then won it the next inning when Ken Henderson tripled and came home on Jimmy Rosario's single.

Fox felt Marichal was strong throughout, but still indicated some switch in style was necessary in the right-hander's delivery.

In effect, Fox felt hitters have been going with his pitches, dropping base hits into right field. The Pirates ripped Marichal for 10 hits and seven runs in 8 1/3 innings Thursday.

While Marichal was taking his lumps, another All-Star pitcher, Pittsburgh's Dock Ellis also was the victim of bad treatment. The Giants blasted the right-hander for six runs in the first inning. But Ellis' 13-game winning streak was kept in tact—Bob Moose took the loss in relief.

Richie Allen's run-scoring double keyed a five-run Los Angeles first inning and carried the Dodgers over the Reds behind Al Downing's seven-hitter.

Bill Buckner added a home run in the Dodger cause and George Foster and Hal McRae had round-trippers for the Reds.

Tommye Agee hit his 10th and 11th home runs of the season and Ken Boswell added a two-run blast as the stumbling Mets beat Chicago for only their fourth victory in the last 20 games.

After Boswell hit his second homer of the year in the first inning, Agee ripped circuit shots in the third and fifth innings to help right-hander Tom Seaver curb a personal, four-game losing streak. Seaver lost his shutout in the third when Chris Cannizzaro hit his fifth homer of the year.

Bob Gibson pitched a five-hitter for his 46th career shutout as St. Louis blasted Philadelphia. Ted Sizemore supported the two-time Cy Young Award winner with a three-run

Fights

PORTLAND, Maine — Skip Yeaton, 158, Portland, outpointed Al Romano, 150, North Adams, Mass., 10.

Simpson Back in Action

By EARL GERHAIM
Associated Press Sports Writer
O.J. Simpson suited up in a Buffalo Bills' uniform for the first time since his injury last November, scampered around the practice field for the benefit of photographers and pronounced himself fit for National Football League action.

The former All-American from Southern California and 1968 Heisman Trophy winner said Thursday the knee he racked up against the Cincinnati Bengals "doesn't bother me a bit."

Simpson, who was the Bills' leading rusher last season with 488 yards despite missing six contests, said he has been working out for months.

Meanwhile, onetime Oakland Raiders starting linebacker Ralph "Chip" Oliver, 40 pounds under his 1969 playing weight after a year in a commune, packed his bags and quietly left the Raiders' camp. He complained the missing poundage weakened him, and "My nerves are too close under my skin."

New York Giants defensive end Wesley Grant was placed on waivers Thursday following a hassle with coach Alex Webster. No reason for the squabble was revealed.

While Grant was leaving the Giants' camp, holdout runner Ron Johnson notified team officials he was en route to begin workouts.

Johnson, who registered a team record by scrambling for over 1,000 yards last season, became the first holdout in the club's 46-year history when he refused to report for the opening of camp.

Commissioner Pete Rozelle ordered the Los Angeles Rams to compensate the New England Patriots for the loss of defensive lineman Phil Olsen, but Patriots General Manager Upton Bell voiced little enthusiasm over the announcement.

Two Philadelphia Eagles mainstays, tight end Fred Hill and defensive back Leroy Keyes, were hospitalized after sustaining injuries during drills. Keyes suffered a dislocated shoulder and is expected to remain on the disabled list for about six weeks.

Hill was hospitalized with a suspected cracked rib.

The Chicago Bears traded running back Ross Montgomery to the Green Bay Packers in exchange for an undisclosed draft choice and corner back Bob Jeter.

triple and Lou Brock had a home run.

It was the first shutout this season for the 35-year-old right-hander, who has been plagued by injuries.

Hot-hitting Ralph Garr broke a scoreless tie with a pinch-hit single in the eighth inning to lead Atlanta over San Diego. Garr, collecting his ninth hit in 11 at-bats, chased home pinch-runner George Stone from third with the winning run.

Ron Kelley and Bob Priddy combined on the shutout and continued Atlanta's scoreless pitching string to 20 innings over three games.

Jesus Alou's three-run double capped a four-run first inning that propelled Houston over Montreal. The Astros added four insurance runs in the eighth, two on Denis Menke's double.

Orioles 2-0 Over Royals

By BERT ROSENTHAL

Associated Press Sports Writer

If Dave Leonhard of the Baltimore Orioles were to write a sequel to the Loneliness of the Long Distance Runner, he would probably title it, The Loneliness of the Long Distance Right-handed Relief Pitcher.

Leonhard, who had quit baseball for four days after the Orioles cut him on opening day and sent him to Rochester of the International League, shed that lonely feeling Thursday night after he shackled the Kansas City Royals 2-0 on five hits in his first major league start in two years.

The victory restored Baltimore's 3½-game lead over Boston in the American League East. The Red Sox were beaten by Chicago 4-2.

Elsewhere in the American League, Milwaukee blanked Washington 2-0, and New York routed Minnesota 13-4.

In the National League, Houston battered Montreal 8-2; Los Angeles pounded Cincinnati 8-4; Atlanta edged San Diego 1-0; St. Louis belted Philadelphia 8-0; New York defeated Chicago 5-1, and San Francisco whipped Pittsburgh 8-7 in 10 innings.

Baltimore Manager Earl Weaver, in commenting on Leonhard's sparkling performance, said:

"He pitched with a lot of poise. Sending him to Rochester turned out to be good for him—and for us. If he had been with us all season, he would have pitched only about 25 or 30 innings. He was better off at Rochester."

After balking at reporting to the Orioles' top minor league farm club, Leonhard was assured by Baltimore officials that if he went down, he would be brought back as soon as the team needed pitching help. That time came on July 6, when right-handed reliever Tom Dukes was placed on the disabled list after pulling a muscle in his right thigh.

At the time, Leonhard had a 7-4 record at Rochester. He had completed seven of 13 starts and compiled a 3.70 earned run average.

He got into his first game with Baltimore this season on July 10—and pitched brilliantly. Relieving Grant Jackson after Cleveland had tagged him for three runs in the first inning, Leonhard went on to blank the Indians on one hit—a single by Chris Chambliss leading off the ninth—over the final 8 2/3 innings.

The Orioles rallied for an 11-3 victory, and Leonhard was credited with his first triumph for Baltimore since Aug. 30, 1969. Last season, he appeared in 23 games—all in relief—with the Orioles and failed to get a decision.

Following his outstanding effort against Cleveland, Leonhard worked two innings in relief against California last Saturday and yielded one run—the only run he has surrendered in 19 2/3 innings since his recall from the minors.

Then, with McNally on the disabled list because of a sore arm, Cuellar ineffective because of a "tired" arm, and a decision by Weaver to put Jackson in the bullpen, Leonhard was given his starting assignment against the Royals. All he did was respond with his first shutout in three years.

The Orioles backed him with a long distance attack, led by Dave Johnson and Merv Rettenmund. Rettenmund cracked a double in the fifth inning off Mike Hedlund, 8-6, and scored on Johnson's ninth homer of the season. Rettenmund smashed a double and scored the final run on Mark Belanger's double.

Chicago, in beating Boston for the first time in eight games this season, took advantage of an error by Red Sox second baseman John Kennedy to score three runs in the fifth inning.

With Chicago runners on first and third and one out, Rick Reichardt hit what appeared to be a double play grounder to third baseman Rico Petrocelli. But Kennedy dropped the throw at second and one run scored.

Mike Andrews followed with a run-scoring single and later Rich Morales walked with the bases loaded, forcing in the third run. Wilbur Wood, 10-7, and Bart Johnson checked the Red Sox on nine hits.

Skip Lockwood, 6-7, and Ken

Sanders combined to blank Washington on five hits as Milwaukee ended the Senators' four-game winning streak.
Ted Kubiak scored both Brewer runs. He tripled in the second off loser Jim Shellenback and came home on Dave May's sacrifice fly. And he walked in the seventh, went to second on a safe bunt by May and raced all the way around when first baseman Don Mincher dropped a throw from second after a force-play grounder by Lockwood.

Horace Clarke, who had only one hit in 28 previous at-bats, paced the Yanks 16-hit assault against Minnesota with four hits, including a bases-loaded triple. The 13 runs were the most in one game by the Yanks this season and enabled Fritz Peterson to coast to his ninth victory.

Ali-Ellis Fight Is Monday

By MICHAEL A. LUTZ

Associated Press Sports Writer
HOUSTON, Tex. (AP) — Angelo Dundee has been in the fight game long enough to acquire a few favorite bromides.

"Weight doesn't mean much," he says when someone notices that Jimmy Ellis will be outweighed almost 30 pounds Monday night when he meets Muhammad Ali in a 12-round bout in the Astrodome.

"Height doesn't mean much," he says when someone notices that Ali has an advantage in that department.

And besides that, Dundee says Ali's official listed reach of 80 inches is a phoney.

"Those measurements were taken several years ago," said Dundee, who is in the unusual position of being Ellis' manager and Ali's former trainer. "I know the guy who took the original measurements and they're a phony."

Under closer questioning, Dundee said "Whatever it was, I think I added on three or four inches, I'm not sure what it was. I'd like to get a tape and measure him now."

Ellis isn't concerned with weights and measures. "Sure, he's probably got a reach advantage on me, but that makes no difference," Ellis said. "I know how to maneuver, to shift, dodge, get inside. So I'll take away that advantage."

All things considered, Dundee figures Ali really has only about a one or two inch advantage over Ellis, who is listed with a 76-inch reach.

Dundee made his revelation about Ali's reach shortly after the former champion had once again dazzled the crowd with his best theatrical crowd.

All sparred two rounds with the Rev. Ray Martin, a former professional fighter who now runs an amateur boxing program here.

After Ali and the minister had pushed and shoved for one round, Ali shouted, "This is the last round coming up. You must fall. Say a prayer, reverend. You better hope the angels are in your corner."

Ali and the minister then went into a furious but mock punching exchange and Ali dropped to the canvas and was helped back to his corner.

Ali waved the minister away, then jumped from the ring and ran to his dressing room.

It was one of Ali's better performances.

Plump Jane Huntsberger Leads Match

By JERRY LISKA

CHICAGO AP — The wide-open 71st Women's Western Amateur Golf Tournament which started as a glamour-girl affair today was taken over by a durable, plump gal wearing a cowboy hat.

This eldest of all major women's golf competitions entered its semi-final round with the spotlight focused on Jane Huntsberger, unheralded California state champ from Camarillo.

Miss Huntsberger, 20, was blazer than life in her territorial sombrero and vivid yellow jacket as she battled through five extra holes for a four-quarter-final victory over Lida Fee Matthews, the Ohio State ama-

teur champion from Pennsylvania.

That put Jane into the semi-finals against Beth Barry, a chippy steady-shooting lass from the University of South Alabama where she played on the men's varsity team.

The upper-bracket semifinal matched Nancy Hager, a Curtis Cup Texan from Dallas, who Thursday ousted the tourney's sparkling cube-pie, against Hollis Stacy, Savannah, Ga., 1969 and 1970 USGA junior champion.

Miss Hager's quarterfinal victory by a handi score was Kaye Board, the University of Kentucky beauty. Shapely Kaye had unraveled all the girl-watchers earlier at Flossmoor Country Club as she upset both the tourney's defending champion and Monday's meet medalist.

But now Miss Huntsberger, who has a sharp game to go with her pretty face, is the gal to watch in the tourney, which winds up with a 36-hole title match Saturday.

She started wearing her big cowboy hat only Thursday.

"I cut my hair short Sunday and I couldn't get what was left tied into a pony tail so I got this cowboy hat to hold down my hair," she explained.

California Jane was three-under par for the 15 holes needed to beat the equally tough Miss Matthews. The end came on the fifth extra hole when Miss Huntsberger chipped to within eight feet and sank the putt for round 4.

The Telephone Strike Is Over

thanks for your patience

We know there have been delays in service and other inconveniences to our customers caused by the work stoppage. We appreciate your understanding and patience during this time. You have been very gracious and this made our job a lot easier.

Now that the strike is over, all telephone people are back on their jobs to insure you have topnotch service.

If you had service problems which were not corrected during the work stoppage, call us and we'll fix them just as quickly as possible.

Thanks again for your cooperation and understanding.

WORLD ALMANAC FACTS

Viewers in Great Britain saw a "blue moon" on the night of Sept. 26, 1950. The World Almanac notes that the phenomenon was caused by sulphur particles in the upper atmosphere from a vast forest fire in British Columbia, Canada. The moon also appeared a bluish color following the eruption of the volcano Krakatoa in 1883.

A FIRST FOR DIANA HOLLYWOOD, Calif. (AP) —Shooting on "Lady Sings the Blues," starring Diana Ross, will begin here in the fall at Paramount Studios.

It marks Miss Ross' first motion picture. She will depict in her own singing style the early career of Billie Holiday, the blues singer who died in 1959. Producer will be Jay Weston with Sidney Furie directing.

HELEN HELP US!

by Helen Bottel

YOUTH ASKED FOR IT!

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, it welcomes laughs but won't dodge a serious question with a brush-off.

Send your teenage questions to **YOUTH ASKED** for it, care of Helen Help Us! this newspaper.

VIEWS FROM THE SIDELINES

Dear Helen:
"Have you considered spinsterhood?" What a thing to say to a sweet, pure, moral girl who has stayed a virgin over four years of engagement!

Helen, I am very disappointed with your answer. If this Cindy has waited until now, another week isn't too much to expect of her fiancé (even if he DOES insist there aren't many 25-year-old virgins left. How does HE know: maybe he's been untrue to her!)

I'd be leary of a man so lacking in self-control that he couldn't stay a week with me in the same apartment, without sex. And if he doesn't want his prospective bride to find out whether or not he snores, maybe he has something to hide. Besides, sex is very much overrated I know! —MRS. T.

Dear Mrs. T.:
Maybe you've missed YOUR calling too! —H.

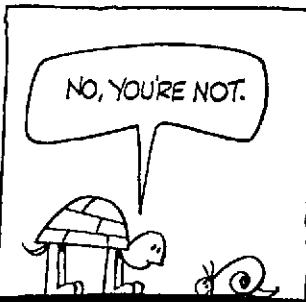

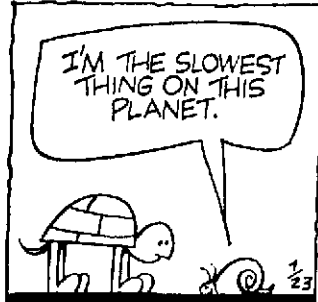

Dear Helen:
We must tell you the answer you gave to the girl who wanted her fiancé to sleep over without sex to see if he snored—well, it was a gem! We had it up on the editorial staff bulletin board before the ink was dry on the newsprint. —SOCIETY EDITOR

Dear Ed:
Thanks, friend. I'm glad SOMEONE has me pegged for what I am—a frustrated humorist. —H.

Dear Helen:
This quote from Samuel Miller might help "Helpless":

"First of all we must stop protecting ourselves! We lock not only the doors of our houses in fear, but our souls as well. We are not only suspicious of strangers, but we keep our friends at arm's length. We are afraid to let our souls play. We are on our guard lest we be surprised. We keep the checkreins taut upon our souls lest they carry us beyond ourselves. We are cautious lest we be taken for fools. We fear too much joy; our laughter is uncertain; our affection hesitates. We open our hand but not our heart. Our pride holds us back from life, strange in its newness, lest it be embarrassed. We are

South looked over dummy and was pleased by what he saw. His slam certainly appeared to be safe. He let the club lead come to his king and cashed the king of hearts. Next came the lead of a heart to dummy's queen.

West showed out and all of a sudden South had a problem staring him in the face. There was a sure trump loser in his own hand. Dummy's ace and king of spades would take care of two of them. What about the third one? Maybe clubs would divide 3-3—maybe some sort of squeeze would develop. Was there a better play?

South found one. He put dummy's last trump to work. He started by cashing dummy's queen of clubs. East had to follow. Then he led the last small club from dummy and East had a Hobson's choice.

He could ruff, but in that case he would be ruffing a small club since that is what declarer would play.

East decided a spade discard would be better. Now South was able to use dummy's last trump. He led his last club and ruffed in dummy. East could overruff or discard again, but South's club loser had been taken care of and the defense had been held to one trump trick. (NEWSPAPER ENTERPRISE ASSN.)

LEGAL NOTICE

The bidding has been:
West North East South
You, South, hold:
♠ A K 8 7 ♥ A 2 ♦ K Q 9 ♣ K 6 4 3
What do you bid?
A—Bid one club. You are too strong to open one no-trump and should bid a four-card club suit in preference to a four-card spade suit even though the spades are stronger.

TODAY'S QUESTION
Your partner responds one diamond. What do you do now?
Answer Tomorrow

LEGAL NOTICE

IN THE CHANCERY COURT OF HEMPSTEAD COUNTY, ARK. YVONNE WINDSOR PLAINTIFF VS. RONALD DALE WINDSOR DEFENDANT.

WARNING ORDER
No. 9841
The defendant, Ronald Dale Windsor warned to appear in this court within thirty days and answer the complaint of the Plaintiff, Yvonne Windsor.
Witness my hand and the seal of said court this 14 day of July 1971.

JIM COLE
Clerk
By Ladonna Tate
D.C. July 16, 23, 30, Aug 6, 1971

my doctor tells me I don't need to take them any more. I am terrified that I might get pregnant. My youngest child is eight and we have 12 grandchildren. Am I driving myself crazy with worry for nothing or am I safe now?

Dear Reader—That is a good question. A related question is frequently asked, "Now that I have stopped having periods can I still get pregnant?" The answer to these problems is the same, if you still produce ova, whether or not you menstruate, you can get pregnant. Ovulation can and does occur in persons who do not menstruate. Ovulation usually persists about two years after the menses disappear.

The best way to approach the problem is to have a doctor, usually a gynecologist, do some tests to find out if you are still ovulating or not. The characteristics of the mucus from the cervix changes at time of ovulation. Studies of the mucus helps identify if ovulation still occurs.

Another helpful method is to study the oral temperature daily. The temperature should be taken the first thing before getting out of bed or doing anything that disturbs the basal or resting state. During the complete menstrual cycle the daily temperature falls reaching its lowest point at the time of ovulation. Then the temperature rises sharply about 0.8 degrees F and stays at that level until menstruation begins. If the woman who has stopped menstruating still has a temperature curve of ovulation it is likely she is still ovulating and can get pregnant. To be certain about such an important matter, though, tests should be studied by the doctor.

A sugar daddy is a fellow in which the sap has risen late in life.

LEGAL NOTICE

IN THE PROBATE COURT OF HEMPSTEAD COUNTY, ARKANSAS IN THE MATTER OF THE ESTATE OF ODESSA SCOGGINS JOHNSON SEALS, DECEASED

NO. 2424
NOTICE

Last known address of deceased: San Francisco, California

Q—Where was the first zoo without bars built in the United States?
A—At the City Park Zoo, Denver, Colo., in 1915.
Q—What was the first talking motion picture in which the sound track was actually on the film?
A—"The Jazz Singer," starring Al Jolson. It was released Oct. 6, 1928.
Q—Why are there no locks in the Suez Canal?
A—The Suez is a sea-level canal.

THE first federal income tax was 3 per cent and was imposed in 1862 to meet Civil War expenditures, according to Encyclopaedia Britannica

WHERE OTHER GREAT CITIES spread out, Hong Kong has to climb up. The mountainous terrain of the island city has resulted in numerous "ladder streets," actually steep flights of stairs which make picturesque scenes for tourists but also serve as very practical communications arteries for Hong Kong's millions.

Vaccine May Cause Disease
WASHINGTON (AP) — Vaccine shipped by the case to Texas and surrounding states to fight a disease ravaging thousands of horses may contribute to its spread, says a former germ-warfare scientist who helped develop the drug.
Dr. Frank Hardy, now a virologist with the Food and Drug Administration, said in an interview the vaccine could—in theory—become a virulent agent itself.
He urged controlled vaccination studies in states not yet affected by the Venezuelan equine encephalomyelitis that already has killed 1,132 horses in Texas. Nearly 1,500 horses are sick from the disease.
Hardy said blood tests, including one he developed, are available to determine if the VEE virus in the vaccine can revert to its "wild" state.
The vaccine was developed by Army scientists in the early 1960s in a project that turned out an anti-human biological warfare weapon consisting of live viruses that would produce VEE, a brain disease Hardy said would leave "an enemy damn sick without killing him."
The 46-year-old scientist speaks from experience.
He said he and other workers at the Army's now-disbanded laboratories at Fort Detrick, Md., were sickened from exposure to live virus in the course of their work.
"It's like the worst case of flu you ever had," he said.
"There's intense headache, with aches and general malaise all over the body—and some people have a tremendously high fever of up to 104 degrees for about a week."
"And the recuperative period after the disease is often very long—up to three weeks."
But he said there were no fatalities among the Detrick workers because the malady, though debilitating, is rarely lethal in man. In contrast, it's often fatal in horses—first producing a form of "sleeping sickness," followed by painful death within 72 hours.
The vaccine now in use is for humans only, none has been developed for horses. In Texas, 29 cases of human infection by VEE have been confirmed.
Hardy stressed that while there is still no obvious evidence the vaccine could spread the mosquito-borne disease, its use should be monitored carefully by state and federal health officials.
A Department of Agriculture task force is working in Houston to coordinate the battle against VEE's spread. Five states have been put under quarantine: Texas, Oklahoma, New Mexico, Louisiana and Arkansas.

Substitute for Nixon Bill Planned
WASHINGTON (AP) — Democrats on a House Education subcommittee are attempting to hammer out a compromise general education bill to substitute for President Nixon's \$1.5-billion desegregation aid plan.
But already the attempts have left some members charging the \$6-billion alternative would aid "segregation academies" in the South and possibly run afoul of Supreme Court standards on aid to church-operated schools.
Democrats on the subcommittee chaired by Rep. Roman Pucinski, D-Ill., called a caucus today to discuss the substitute proposed by Rep. Edith Green of Oregon, No. 2 Democrat on the House Education Committee.
Mrs. Green's measure, whose key portions are similar to bills proposed by other Democrats, would give school districts a generally free rein on spending the \$6 billion.
In opposing Nixon's desegregation measure, Mrs. Green said the federal government has been preoccupied with "equality of opportunity" while financially troubled schools have deteriorated in quality. She has spoken out frequently against busing of pupils to achieve integration, and contends the Nixon bill would result mainly in enriching bus companies.
Nixon asked Congress more than a year ago for \$1.5 billion to help ease the financial burden of desegregating school districts. The Senate ballooned the bill into a more sweeping plan and House leaders advised the President it had little chance in the House.
Mrs. Green's alternate would boost federal funding of elementary and secondary schools to 35 per cent by 1976. It is now about 8 per cent.
In the process, the proposal

We have all been impressed with the pathetic story of the barren fig tree. It was destined to perennial barrenness. The owner found this wilted tree and ordered it cut down but his vine-keeper pled for it to have another chance. This is a good parable of the Grace of God. Our religion is essentially a religion of redemption. God gives everyone of us another chance. We have failed more than once but the Almighty has been patient, kind and forgiving. Perhaps Luke 15 is our truest picture of God. He is like a woman who seeks until she finds her lost coin; like the shepherd who left the ninety and nine to find the lost one; like the father who received his prodigal son. The lesson is plain. God gives another chance and He will gather all the ripe figs.

On Sunday night July 25, the Woods Sisters of Malvern will sing at Haynes Chapel. The public is invited to attend.

Local Resident Celebrates Birthday

J.J. Taylor of Edgewood street celebrated his 83rd birthday at his home on July 20, 1971. He has recently been released from a hospital, where he spent several weeks.

Joining him in the celebration were: two brothers, Rev. W. M. Taylor of Homer, Louisiana and M.C. Taylor of New York City; two sons, Glen Taylor of Muskegon, Michigan and Lent T. Taylor and family of Grand Rapids, Michigan; three daughters, Mrs. F.L. Reynolds and family, Mrs. Nancy Looney and children of Rock Island, Illinois and Mrs. Maxine Williams of Hope; a niece and husband, Mr. and Mrs. A.A. Crossley of Chicago, Illinois; two nephews W.M. Taylor, Jr. of Hope and John Taylor of Dallas, Texas, and members of St. Andrew Lodge No. 10.

Seeks Better Glimpse of Economy

By BILL NEIKIRK

Associated Press Writer
WASHINGTON (AP) — The Commerce Department is planning to begin monthly readings of the Gross National Product within the fiscal year in hopes of giving the government a quicker and better glimpse of the nation's economy.

The department's Office of Business Economics says it plans to make the changeover from the quarterly system of supplying estimates for Gross National Product—output of the nation's goods and services and broadest measure of the economy.

A number of economists in government said switching to a monthly GNP estimate would help White House policymakers spot trends in the economy and, if necessary, change policy almost two months sooner than under the present system.

"I think it's a help because it will enable a faster policy response," said Murray Weidenbaum, assistant Treasury secretary for economic affairs.

Since the 1940s, the government has compiled GNP four times a year. Each reading usually is made available 15 days after the quarter has ended, the time lag being necessary for compilation of raw figures collected by the Census Bureau and other agencies.

Although several statistical indicators are released monthly, none provides the scope of GNP, which is intended to measure all economic transactions in the nation. It also provides the broadest measure of inflation.

Some policymakers say the quarterly GNP report is roughly comparable to reading history instead of a newspaper, since economic trends already have been established and may be immune to a quick policy decision that could correct an unfavorable trend. But other government economists doubt a monthly GNP estimate would make that much difference in determining policy changes.

A spokesman for the Council of Economic Advisers said policymakers shy away from basing decisions on the basis of one-month statistics, wanting to get a broader view over two or three months. But he said such a system would be helpful, particularly in crucial months when a decision may be riding on a specific movement in the economy.
